### Modern design for your living room

The VILASUND sofa-bed series has a stylish modern design that looks great in your living room with your other furniture. And the seat cushions make it as cosy and comfy for sitting as it is for sleeping. All the pieces in the series have built-in storage under the seat so you can keep your bed linen nearby. VILASUND is smart, good-looking and excellent value for the money.

### Sofa-beds in different shapes and sizes

The VILASUND series comprises sofa-beds of different sizes that are super comfortable for both sitting and sleeping. The mattress has strong and durable pocket springs that adjust to your body when you sleep. You also have a choice of hardwearing fabric covers for your sofa-bed – all removable and machine washable.

All the products (shown here) may not be available at the store. Please contact the staff or look at [www.IKEA.gr](http://www.IKEA.gr) for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

# HOW TO CONVERT

It's easy to convert VILASUND sofa-bed with chaise-longue into a comfortable bed. Just pull the underframe towards you and lift up the bed.

Also, a machine-washable mattress protector is included to help you keep your sofa-bed fresh for longer.

## SOFA-BED MATTRESS

**MARIEBY:** A firm pocket spring mattress that adjust to your body and keep your spine straight when you sleep. 9 cm thick.

## Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

## Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibres. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	Washing instructions	Resistance to abrasion (cycles)	Light fastness (0-6)
HILLARED: Multi-fiber blended, tonal yarn dyed structure.	Machine washable at 40°C.	30.000	5
BORRED: Soft microfiber structure with subtle mélange effect.	Machine washable at 40°C.	20.000	5
